## **DETAILED ACTION**

### ***Response to Amendment***

1. Receipt of applicant's amendment filed November 17, 2005 and IDS filed December 27, 2005 is acknowledged. Claims 1-18 are pending. Claims 1-4, 6, 8, 10 and 14-17 are amended. Claim 18 is newly submitted.

### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 2-5, 8 and 9 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

4. The following limitations have no antecedent basis: "the cooling air scattering prevention portion" (claim 2); "the cooling air introducing portion" (claims 3 and 9); "the cover main body" (claim 5).

5. Claim 8, lines 3 and 5 recite "a side wall portion", which is indefinite as being the same as or different from the "a side surface that intersects the main surface" recited in preceding claim 1.

6. Claim 9 recites " a baffle portion to blow the cooling air to the side wall portion" which is indefinite as being the same as or different from the "second baffle that directs flow of cooling air to the side surface" recited in preceding claim 1.

***Allowable Subject Matter***

7. Claims 1, 6, 7 and 10-18 are allowed.
8. Claims 2-5, 8 and 9 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
9. The following is a statement of reasons for the indication of allowable subject matter: Claims 1-18 recite the cover including a side surface that intersects the main surface, a second baffle that directs flow of cooling air to the side surface.

***Conclusion***

10. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
